

IN THE MICHIGAN COURT OF APPEALS

ORDER

Re: **Linda Guerra v Victor Guerra Jr**
Docket No. **288523**
L.C. No. **06-060381-DO**

Donald S. Owens, Judge, acting under MCR 7.211(E)(2), orders:

The motion to extend time to file the cross-appellee brief is treated as a motion for an extraordinary extension to file the appellant brief because, absent the filing of the cross-appellant brief, the cross-appellee brief is not yet due. The motion is DENIED because good cause was not provided for the extraordinary nature of the extension. When workload considerations are cited, the motion should, at a minimum, identify the cases in which the deadlines are converging. See IOP 7.212(A)(1)-1 *et seq.* This order is without prejudice to filing another motion supported by good cause.
